

I can write a  
number sentence

$$9 - 1 = 8$$

I can use a ten frame to subtract

$$7 - 1$$

I can use counters to subtract

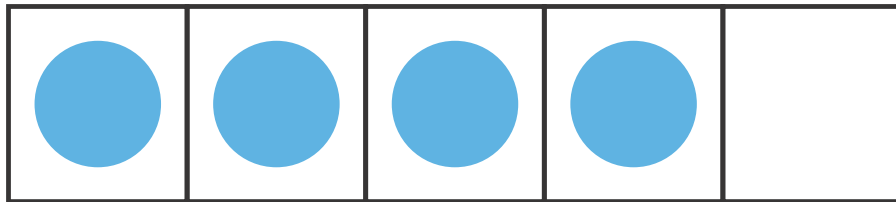

$$8 - 4$$

●	●			
●	●			

I can use a five  
frame to  
subtract

$$4 - 0$$

I can use the  
number path to  
subtract

$$7 - 2$$

I can use a twenty frame  
to subtract

$$14 - 8$$

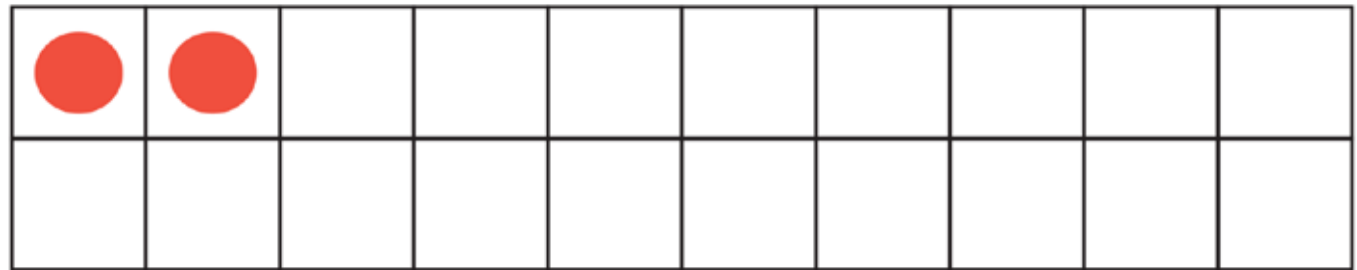

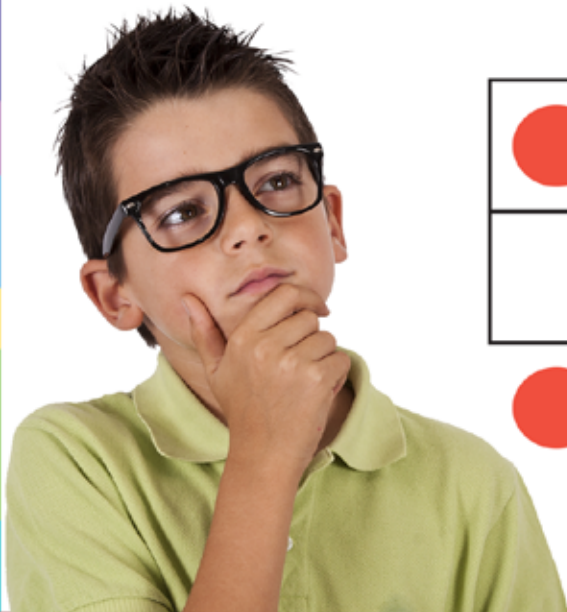

●	●	●							
●	●	●							

When you subtract ten from a teen number, you have the ones left!

$$12 - 10 = 2$$

Count back when  
you see 1,2,or 3 to  
subtract

$$9 - 3$$

1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	----

I can Think Addition to subtract!

$$13 - 9$$

Count Up
